may be relieved from the examination in Arts required to be passed ~~before~~, before entering on a course of medical studies.

The President's letter was approved

It was decided that the examination papers should be ready on the 15th April, that the examinations should, if possible be held in the Dental Hall, that Capt. Rickes should be appointed special examiner in German, and Rev. A. Murray, or on his declining to act any other gentleman nominated by the President, Special Examiner in Dutch.

It was resolved that the Scientific Section should decide upon the abbreviations which they would allow in the Euclid papers.

The President stated that he had received a private note from a gentleman connected with the Gill College, Somerset East, suggesting that the Bursaries at the disposal of the College should be awarded to Candidates who should pass the Third Class Examination. It was decided that any Competitors who had already taken or might hereafter take the Certificate should be allowed to pass the Third Class Examination a second time for the purpose of competing for the Bursaries; but that the Board's Third Class Certificate should not be issued a second time.

It was decided that a Commission

Should

should be appointed to conduct the examinations at Somerset in June.

It was resolved that the Board's Report for the last year should be considered in a fortnight's time

The changes in the programme of the subjects for the Examinations to be held in 1872 were duly noted.

L Dale President

Saturday, 18th March, 1871

At a Meeting of the Board of Public Examiners were present:

Dr Dale, President
Rev. J. F. Childe
Rev. Canon Ogilvie
Mr Elliott

The Minutes of the last Meeting were read and confirmed.

A draft Report of the proceedings of the Board ~~for~~ during the period from 1st April 1869 to 31st December, 1870, was laid before the Board. The draft was approved with a few modifications and additions

L Dale President

Saturday, 15th April, 1871.

—

At a Meeting of the Board of Public Examiners were present:

Dr Dale, President
Rev. Canon Judge
Rev. G. T. Childe
Rev. Canon Ogilvie
Mr Elliott

The Minutes of the last Meeting were read and confirmed.

It was resolved that the Programme of the Examinations to be held in 1872-'73 should be published without any further delay.

The following question papers for the ensuing examinations were handed in by the Sections, viz:-

Third Class

1. English language
2. History & Geography
3. Homer
4. Livy
5. French
6. Arithmetic
7. Algebra

Second Class

1. Creasy & Hume
2. Herodotus
3. Horace
4. Logic & Roman History
5. French
6. Algebra

7. Plane Trigonometry
8. Plane Coordinate Geometry
9. Mechanics
10. Electricity
11. Chemistry

First Class

1. Arithmetic
2. Algebra
3. Plane Trigonometry
4. Plane Coordinate Geometry
5. Integral Calculus
6. Solid Geometry
7. Dynamics
8. Hydrostatics
9. Finite Differences

Survey

1. Plane Geometry
2. Problems

It was then resolved that at the next Session examinations should be held at Port Elizabeth and Somerset East, - and at Stellenbosch on condition that half the expenses be paid by the Candidates at that place.

A letter from the Colonial Secretary, dated 5th April enclosing a despatch from the Secretary of State, was laid before the Board. The Secretary of State's despatch forwarded an application from the Wesleyan Missionary Society in which the Rev. W. B. Boyce requested that Grahamstown might be fixed as a centre for holding

holding examinations on behalf of the London University.

It was resolved that the Colonial Secretary should be informed that the Board could see no reason for altering their previous resolution on the subject, viz: that in the event of the Governor's entrusting the duty of conducting the examinations to the Board they could undertake to do so only at their annual Sessions held at Cape Town in June. With reference to Mr Boyce's statement that some young men connected with the Educational Establishment at Lesseyton are anxious to pass the examinations referred to, the Board thought it right that His Excellency should be informed that this School had been established only within the last few months, and that, as far as the Board are aware, the only person connected with it who wishes to pass the Examinations is the Head Master.

The remaining papers for the various Examinations were handed in after the close of the Meeting.

President

Saturday, 1st July, 1871.

At a Meeting of the Board of Public Examiners were present:

Dr Dale, President
Rev. Canon Judge
Rev. Canon Ogilvie
Mr Ellis

The Minutes of the last Meeting were read and confirmed.

The Scientific Section handed in a report on the First Class Examination in Literature and Science. The Certificate was awarded to the only Candidate,

Richard Prince Solomon;

and the Bursary of £100 per annum, tenable for three years was also awarded to him. The marks assigned to him were as follows:

Arithmetic	143
Algebra	122
Plane Geometry	106
Plane Trigonometry	247
Plane Coordinate Geometry	167
Solid Geometry	205
Differential Calculus	295
Integral Calculus	298
Statics	200
Dynamics	445
Hydrostatics & Hydrodynamics	321
Finite Differences	411
Total	2960

The Meeting adjourned to Wednesday next.

H Dale President

Wednesday, 5th July, 1871.

At a Meeting of the Board of Public Examiners were present:

Dr Dale, President
Rev Canon Judge
Rev Canon Ogilvie
Mr Smith
Mr Elliott

The Minutes of the last Meeting were read and confirmed.

The Literary and Scientific Sections reported the result of the Third Class Examination in Literature and Science.

The following Candidates passed the Examination:

In the first order of merit

Harry Johnson, Grey Institute, Port Elizabeth

In the second order of merit

→ Frederick Charles Kolbe, South African College
Petrus Postma, Fell College, Somerset East
Gustav Adolph Scholtz, Stellenbosch 1st Cl. Pub. School
William Adolph Alheit, ditto
Joseph Foster, South African College
Edward Fleming Simpson, Grey Institute
John A. Reid, Diocesan College

In the third order of merit

Jacob Cato, Stellenbosch 1st Cl. Pub. School
Henry Cloete, Diocesan College
Egidius Benedictus Watermeyer, Graaff Reinet Coll.
Charles Henry Radloff, Fell College, Somerset E.
George Wm Chapman, do
Frederick Green, South African College
William Wilson, Diocesan College
Andrew Murray, Stellenbosch 1st Cl. Pub. Sch

3d Class continued

Edward Pickering, Grey Institute, Post Sch.
Alfred Metcalf, South African College.
George Henry B. Fisk, Diocesan College.

The Prize of £20 was awarded to H. Johnson. In connection with the Competition of Schools, the Prize Gold Medal was awarded to H. Johnson; a Prize of Books to G. A. Scholtz, second in Literature and a Prize of Books to W. A. Alheit, 2d in Mathematics (Kolbe was not a Competitor for the School Prizes.)

The marks assigned were as follows

	English	History	Latin	Modern Language	Greek	Total in Literat.	Written	Algebra	Plane Geometry	Physical Geogr.	Total in Mathem. & Phys. Science	Total
Johnson	66	28	125	78	70	367	130	150	125	69	474	841

The Meeting then adjourned to Thursday, the 6th July.

W Dale President

N. B Johnson's Certificate, dated 5 July, 1871; Ellens dated 29th July, 1871

Thursday. 6th July. 1871.

At a Meeting of the Board of Public Examiners were present

Dr Dale, President
Rev. J. F. Childe
Rev. Canon Ogilvie
Mr Smith
Mr Elliott

The Minutes of the last Meeting were read and confirmed.

The Literary and Scientific Sections reported the results of the Second Class Examination in Literature and Science. The following Candidates passed the Examination.

In the second order of Merit

John Frederick Philip, of the Sill College, Somerset East.
Pieter Adam Strasheim, of the South African College
James Weston Leonard, of the Sill College.

In the third order of merit

Hans Moolman, of the Sill College.

The Bursary of £50 per annum, tenable for three years, was awarded to J. F. Philip; and the Prize of £25 to P. A. Strasheim.

The marks assigned were as follows

	Herodotus & Hist	Logic & Rhetoric	Modern Langs.	Syntax Language	Const. Hist	Tacitus & later prose	Euripides	Horace	Total in Literature
Philip	173	177	214	100	145	203	141	157	1310

L Dale Pres:

Saturday. 29th July. 1871.

At a Meeting of the Board of Public Examiners were present:

Dr Dale, President,
Norbert D. Griffith,
Rev. Canon Judge.
Rev. J. Childs.
Dr Elliott

The Minutes of the last Meeting were read and confirmed.

The Examiner in Law and Jurisprudence notified his intention to place his allowance of £50 per annum at the disposal of the Board.

It was resolved that the £50 should be divided into two portions, viz:

£25 per annum to form the Griffith Scholarship, tenable for two years; and

£25 per annum to be allowed to accumulate with the view of forming a capital fund to secure the permanence of the Scholarship, so far as possible.

It was resolved that the Scholarship should be awarded every alternate year to the highest on the list of Candidates who in that year shall pass the Third Class Examination in Literature and Science in the 1st or 2nd Order of Merit, subject to the following conditions.

1. The competitors must not be under 16 nor over 18 years of age on the first day of Examination.

2. The successful competitor must satisfy the Board from time to time, during his tenure of the Scholarship, that he is bonâ fide pursuing his studies, and that he intends to present himself before the Board for some further examination.

It was decided that the first examination for the Scholarship should be held in June, 1872; and that the money to be received from Mr Griffith should be deposited in some Bank until it can be invested in Government Debentures.

Two letters from Rev. H. I. Johnson, requesting the Board to make Greek an Optional subject in the 3d Class Examination, were laid before the Meeting. It was resolved to adhere to the resolution on this subject adopted on the 5th March, 1870.

A letter from Rev. L. S. Browne regarding Greek and the minimum age at which a Candidate for the 3d Class Certificate can present himself for examination was laid before the Board; and it was resolved not to make any change in the existing rules on the Subjects but to adhere to the resolutions of the 5th March, 1870.

[illegible] President

Saturday, 12th August, 1871.

At a Meeting of the Board of Public Examiners were present:

Dr Dale, President
Rev G. F. Childe
Mr Elliott

The Minutes of the last Meeting were read and confirmed.

A letter from the Colonial Secretary, dated 9th August, enclosing a Despatch from the Secretary of State relative to a Scheme prepared by the Board of Trade for carrying into effect the provisions of S 8 of the Merchant Shipping (Colonial) Act of 1869. was laid before the Board.

The Board considered that the system of examinations contemplated by that Act would be not only difficult to carry out in this Colony but also unlikely to find any Candidates; & they resolved to communicate the following observations to the Colonial Secretary.

The theoretical part of the examination in Navigation could be conducted by the Board, as provided for by the Colonial Act No 4 of 1858; but during the thirteen years of the Board's existence no application to be examined had been made. Practical Examiners in Seamanship might be found in Cape Town.

The Examiners in Engineering are to be practical Engineers, who have served at sea in the Engine room, besides an apprenticeship in the manufacture or repairs

7

of Engines and Machinery. It would be impossible to secure a staff of such examiners here, and there is little probability of any Candidates ever appearing.

Although, therefore, it would be practicable to examine Masters and Mates for Certificates of Seamanship, the Board has felt after all arrangements had been made at considerable trouble and expense to meet the conditions of the Imperial Act, yet there would be no probability of the Colonial residents availing themselves of the facilities of a local examination

W Dale

President

Saturday, 23 March. 1872.

At a Meeting of the Board of Public Examiners were present:

Dr Dale, President
Hon. R. D. Griffith
Rev. Canon Judge
Rev. J. J. Childe
Rev. Canon O'Gilvie
Mr Smith
Mr Elliott

The Minutes of the last Meeting were read and confirmed

The Secretary reported that he had received a letter from the Law Examiner, ~~[illegible]~~ intimating that he would be unavoidably absent at the next Session of the Board; and the President notified that His Excellency the Governor had expressed his intention to appoint Mr Advocate Cole to act as Law Examiner during Mr Griffith's absence.

The Secretary reported that he had received notice from the Savings Bank that from and after the 1st May, 1872, the rate of interest on the Porter Endowment Fund would be reduced to $3\frac{3}{4}$ per cent. per annum. It was resolved that if Government Stock, bearing interest at 5 per cent: could be purchased at the rate of £101 per cent:, or if 4½ Stock could be purchased in the same proportion, the whole amount of the Porter Endowment Fund should be invested in Government Stock,

but

but that if it could not be purchased at that rate the matter should stand over for further consideration. It was decided that the duty payable on the transfer of the Stock might be paid in addition to the rate fixed.

The President reported that a wish had been expressed to him that the Classics mentioned in the Programme of the London University Examination might be adopted by the Board as subjects for examination for the Third Class Certificate. It was resolved that the Board would bind themselves to no fixed course, but would leave the selection of subjects for examination to each election.

It was decided that the Programme for 1873-4 should be published on or before the 1st May next.

It was resolved that at the ensuing Session Examinations should be held in the Mutual Hall, Cape Town, and at Somerset East; and that Rev. A.R. Woodrooffe should be appointed Special Commissioner at Somerset East.

It was resolved that Capt. Risley should be appointed Special Examiner in German, and that Rev. D Robertson should be asked to act as Special Examiner in Dutch.

The draft Report for 1871 was laid before the Board and adopted

W Wale
President

Saturday, 13th April, 1872.

At a Meeting of the Board of Public Examiners were present

Dr Dale, President
Hon. W. D. Griffith
Rev Canon Judge
Rev Professor Childe
Mr Smith
Mr Elliott

The Minutes of the last Meeting were read and confirmed.

The Secretary reported that he had tendered for £1580 four & a half p.c. Government Stock at £92" 4" 6 per cent, but that his tender had not been accepted. It was decided that the resolution adopted at the last Meeting with respect to the investment of the Porter Endowment Fund should be adhered to.

The following changes in the General Programme of Examinations were adopted; and it was resolved that the necessary alterations in the Rules and By Laws should be submitted to the Governor for His Excellency's approval.

49. 3. (Cl. 2.) for "some" read "other"; & dele "from books not usually read in schools". For "a passage of English" read "English passages".

50. 1. Arithmetic. dele the rest of the paragraph.

1 2. Elementary Algebra, as far as and including quadratic equations.

53. 4. For "these authors" read "authors usually

usually read in the higher Schools & Colleges
Dele "Greek ..... " to end of "Latin ...."
3. Tacitus ..... Histories"
Read "each year's syllabus, & other passages in Latin & Greek". Dele "not from the authors above named or any authors usually read in schools."

55. 2. Algebra. Dele rest of paragraph
3. Plane Geometry, with exercises
60. 1. Arithmetic
3. Geometry, with exercises.
61. Dele "The range of examination ..... and Natural Philosophy."

The changes in the Programme for 1873 were then agreed to

It was resolved that Rev. H. I. Johnson's three pupils should be allowed to present themselves for the 3d Class Examination although the necessary notice had not been received within the time specified in the Rules

It was decided that Rev. W. Greenstock should be Special Commissioner at Port Elizabeth

The Sections handed in the Question Papers for the ensuing examination.

Ldale
President

Annual Session, June, 1872.

—

The annual Session commenced on Tuesday, the 11th June, 1872.

At the examinations held in Capetown Members of the Board precided.

Examinations for the Third Class Certificate and Second Class Law Certificate were held at Port Elizabeth, - Rev. W. Greenstock being the Special Commissioner.

Rev. A.R. Woodrooffe precided at the Examination held at Somerset East for the 2nd and 3rd Class Certificates in Literature and Science.

Friday, 28th June, 1872.

—

At a Meeting of the Board of Public Examiners were present:

Dr Dale, President
Rev. Canon Judge
Rev. Prof. Childe
Rev. Canon Agilone
Mr Smith
Mr Elliott

The Minutes of the last Meeting were read and confirmed.

The Secretary reported that the changes in the General Programme of Examinations had been approved by the Governor; and that he had purchased £500 Stock at £92"4"6 on account of the Porter Endowment Fund.

The report of the Examiners in Law and Jurisprudence

on the law examinations was handed in
The 1st Class Law Certificate was awarded
to Melius de Villiers; and the
2nd Class Law Certificate to
Charles Hermanus Maasdorp
William F. Liesching (Attorneys)
Abraham Petes de Villiers
Sybrand Jacobus Mostert.

The marks assigned were as follows:
1st Class Law; M. de Villiers, Total, ~~2800~~ 3500
(max. 5000; min. 2000)

Roman Law, 1st paper,		max. 500		assigned,	350

Donald Somers Kirkwood, Grey Institute, Port Eliz.
Ryk Melek, Diocesan College
Carl Frederick Wilhelm Rosenow, Kafir Coll. Zonnebloem
Richard Plummer Beverly Davies.

Before awarding the Prizes, a discussion arose as to whether the Griffith Scholarship could be held in conjunction with the £20 prize. It was decided by a majority of 3 to 2 that the Scholarship and £20 prize should not be ~~held~~ awarded to the same Candidate.

It was then resolved that for the purpose of the Competition of Schools a Candidate (R. Gregorowski) who had been at the Gill College since July, 1869, should be considered as having been in that Institution for 3 years; and that another Candidate (M. Searle) who had been absent from the Diocesan College on several occasions, owing to ill health, but had been to no other School for 5 years, should also be eligible for the School Prizes.

The Griffith Scholarship of £25 per annum, tenable for 2 years, was awarded to R. Gregorowski.

The Prize of £20 to J. W. Chaplin

In connection with the Competition of Schools, A silver Medal was awarded to M. Searle, 1st in Lit.; and a Silver Medal to R. Gregorowski, 1st in Mathematics; A Prize of Books to R. Gregorowski, 2d in Literature and a Prize of Books to C. E. Lewis, 2d in Mathematics.
