Acknowledgements

I would like to appreciate the assistance I obtained from: Professor C.S. Le Roux, my supervisor, who provided me with guidance, mentoring and clarity. Daniel Sefike my husband, who stood by me throughout the study and assisted much with computer work. Isaac Mathibe, who tutored and guided me throughout. Peter Montwedi, the spokesperson of the Magalies Water Board for allowing me to interview him. Kabelo Letsholo for assisting me with the editing and proof reading of the document. Technikon Witwatersrand for assisting me with photography.

The following people made it possible for the focus groups discussed in the study to be arranged: Petunia Malebane for the youth/children focus group.

Lerato Mosikari for the house owners

Peter Montwedi for Magalies Water Forum and village headmen
