# TABLE OF CONTENTS

## CHAPTER ONE: BACKGROUND TO THE STUDY, PROBLEM FORMULATION AND AIMS

1. **INTRODUCTION** .............................................. 1

2. **PROBLEM STATEMENT** ........................................ 3
   1.2.1 Background to the problem ................................ 3
   1.2.2 Statement of the problem .................................. 7
      1.2.2.1 Main problem .................................... 8
      1.2.2.2 Statement of the sub-problems ...................... 8

3. **AIMS OF RESEARCH** ........................................... 9
   1.3.1 Main aim ................................................ 9
   1.3.2 Sub-aims ................................................ 9

4. **RESEARCH DESIGN** .......................................... 10
   1.4.1 Literature study ......................................... 10
   1.4.2 Empirical research ...................................... 11
   1.4.3 Quantitative research approach ........................... 12
   1.4.4 Ex post facto research approach ........................... 13

5. **DEMARCATION OF RESEARCH** ............................... 14

6. **DEFINITION OF TERMS** ....................................... 15
   1.6.1 Principal ............................................... 15
   1.6.2 Instructional leadership .................................. 15
   1.6.3 Role ................................................... 16
   1.6.4 Learner ................................................ 17
   1.6.5 Academic performance .................................. 17
   1.6.6 Case study ............................................. 17

7. **CHAPTER DIVISION** ......................................... 18

8. **CONCLUSION** ............................................... 19
CHAPTER TWO: INSTRUCTIONAL LEADERSHIP AND ITS INFLUENCE ON ACADEMIC ACHIEVEMENT

2.1 INTRODUCTION ............................................. 20

2.2 THE NATURE OF THE PRINCIPAL’S INSTRUCTIONAL LEADERSHIP – A WORKING DEFINITION ...................... 22

2.3 MODELS OF INSTRUCTIONAL LEADERSHIP ................. 26

2.4 CHARACTERISTICS OF INSTRUCTIONAL LEADERSHIP: A HOLISTIC VIEW .............................................. 31
  2.4.1 Defining the school’s academic goals, mission and policies ... 34
  2.4.2 Supporting teachers and students ................................. 37
  2.4.3 Teacher evaluation and monitoring academic progress ...... 38
  2.4.4 Encouraging continuous teacher development/ staff development ........................ 41
  2.4.5 Holding high academic expectations for educators and learners ................................................ 42
  2.4.6 Setting the atmosphere of order, discipline and purpose (school ambience) ......................... 44
  2.4.7 Mobilising resources for the school ............................. 45
    2.4.7.1 Management of educators as human resources .......... 46
    2.4.7.2 Management of financial resources ......................... 47
    2.4.7.3 Management of instructional time ........................ 48
    2.4.7.4 Management of teaching and learning materials ......... 48
    2.4.7.5 Management of information resources .................... 49

2.5 THE PRINCIPAL’S INSTRUCTIONAL LEADERSHIP WITHIN THE GENERAL MANAGEMENT OF THE SCHOOL .................... 51
  2.5.1 The core general management functions ...................... 52
    2.5.1.1 Planning ........................................ 52
    2.5.1.2 Organizing ..................................... 52
    2.5.1.3 Leading ........................................ 53
2.5.1.4 Controlling ..................................... 54
2.5.2 Additional general management functions ................. 54
  2.5.2.1 Communication .................................. 54
  2.5.2.2 Delegation ...................................... 55
  2.5.2.3 Co-ordination ................................... 55
  2.5.2.4 Disciplining ..................................... 56
  2.5.2.5 Decision-making (problem-solving) ................ 56
  2.5.2.6 Conflict management ............................. 57

2.6 THE INSTRUCTIONAL LEADER AS A MOTIVATOR OF
ACADEMIC ACHIEVEMENT .................................. 58
  2.6.1 Principal’s visible presence ............................... 63
  2.6.2 Quality control ......................................... 64
  2.6.3 Forming academic networks .............................. 65
  2.6.4 Developing professional ethics and professionalism in
educators ..................................................... 67

2.7 THE DUAL ROLE OF THE PRINCIPAL AS A LINKAGE AGENT ... 70
  2.7.1 The principal as linkage agent between the school and the
parents .......................................................... 71
  2.7.2 The principal as linkage agent between the school and the
state ............................................................. 72
  2.7.3 The principal as linkage agent between the state and the
parents .......................................................... 72

2.8 THE ESTIMATED IMPACT OF THE PRINCIPAL’S
INSTRUCTIONAL LEADERSHIP PRACTICE ON LEARNERS’
ACADEMIC ACHIEVEMENT .................................. 73
  2.8.1 Establishing a correlation between the practice of instructional
leadership and the learners’ academic achievement .......... 74
  2.8.2 Reasons for the neglect of instructional leadership .......... 75

2.9 CONCLUSION ............................................... 77

CHAPTER 3: RESEARCH DESIGN AND METHODOLOGY
3.1 INTRODUCTION ............................................. 78
3.2 THE SETTING FOR THE RESEARCH ........................... 78
3.3 THE CRITERIA FOR SELECTION OF SCHOOLS FOR EMPIRICAL INVESTIGATION ............................................. 79
3.4 ARRANGEMENTS FOR ACCESS TO SCHOOLS  ................ 83
3.5 SAMPLING PROCEDURE ..................................... 83
  3.5.1 The study sample ....................................... 83
  3.5.2 The criteria for sample selection ........................... 84
  3.5.3 Selection of the sample ................................. 84
3.6 PILOT STUDY ................................................ 85
3.7 DATA GATHERING INSTRUMENT............................. 86
  3.7.1 The questionnaire ....................................... 86
  3.7.2 The validity and reliability of the questionnaire ............. 86
    3.7.2.1 Validity ........................................ 86
    3.7.2.2 Reliability ........................................ 89
  3.7.3 Administration of the questionnaire ....................... 90
3.8 DATA ANALYSIS METHOD ................................... 90
3.9 HYPOTHESES ................................................ 91
3.10 HYPOTHESES TESTING ....................................... 93
3.11 CONCLUSION ............................................... 94

CHAPTER FOUR: ANALYSIS OF DATA AND INTERPRETATION OF RESULTS
4.1 INTRODUCTION ................................................ 95
4.2 DISPLAY, ANALYSIS OF DATA AND INTERPRETATION OF RESULTS .................................................... 96
4.2.1 Biographical details of respondents ................................................. 96
4.2.2 The respondents’ views on the practice of instructional leadership by principals ................................................. 104

4.3 HYPOTHESES TESTING ...................................... 126
4.3.1 The impact of the school’s academic goals on learners’ academic achievement ................................................. 127
4.3.2 Discussion of the learners’ academic progress in the various school subjects ................................................. 129
4.3.3 The principal conducts staff development at school ............ 131
4.3.4 The principal encourages the formation of academic networks with other schools ................................................. 132

4.4 CONCLUSION .............................................. 134

CHAPTER 5: SUMMARY, FINDINGS AND RECOMMENDATIONS

5.1 INTRODUCTION ............................................. 136

5.2 SUMMARY OF THE STUDY ............................................. 137

5.3 FINDINGS OF THE STUDY ............................................. 138
5.3.1 Findings based on the literature study ............................................. 139
5.3.2 Findings based on the empirical data analysis and the hypotheses testing ............................................. 140

5.4 CONCLUSIONS OF THE STUDY ............................................. 145

5.5 RECOMMENDATIONS ............................................. 146

5.6 LIMITATIONS OF THE STUDY ............................................. 148

5.7 TOPICS FOR FURTHER RESEARCH ............................................. 149
5.8 CONCLUSION .................................................. 150

BIBLIOGRAPHY ........................................................................... 151

FIGURES
Figure 1.1: Educational regions in KwaZulu-Natal .................. 5
Figure 2.1: A modified integrated international model of
 instructional leadership ................................................. 28
Figure 2.2: A simplified motivation process model .................. 60
Figure 2.3: Influence of instructional leadership on learners’ academic
 achievement ................................................................. 75

TABLES
Table 1.1: Statistics for grade 12 examination results in the Vryheid region .. 6
Table 2.1: Models of instructional leadership ........................ 29
Table 2.2: Characteristics of instructional leadership ............... 32
Table 3.1: Schools selected for empirical research .................. 79
Table 3.2(a)-(c): Grade 12 pass rates in % ............................. 80
Table 3.3(a)-(c): Total enrolments ....................................... 81
Table 3.4(a)-(c): Classroom facilities and teaching staff .......... 82
Table 4.1: Gender of respondents ........................................ 96
Table 4.2: Age of respondents ........................................... 97
Table 4.3: Respondents’ highest academic qualifications .......... 98
Table 4.4: Respondents’ years of teaching experience ............. 99
Table 4.5: Respondents’ years at present school ..................... 100
Table 4.6: Respondents’ rank of position held at school ........... 101
Table 4.7: Respondents according to ethnic groups ................. 102
Table 4.8: School’s geographical location ............................. 103
Table 4.9: The principal does everything possible to get the
 teaching resources for educators ................................. 104
Table 4.10: The principal formulates and communicates the
 school’s academic goals to educators at the beginning
 of the year .............................................................. 105
| Table 4.11: | The principal has put in place the policy for testing and examining learners in the various subjects | 106 |
| Table 4.12: | The principal sometimes discusses the teaching practices with the individual educators | 107 |
| Table 4.13: | The principal always encourages the analysis of students’ results in tests | 108 |
| Table 4.14: | The principal discusses the school’s academic goals with educators during staff meetings | 109 |
| Table 4.15: | The principal assists educators in analysing test results in order to determine the progress towards the school’s academic goals | 110 |
| Table 4.16: | The principal conducts classroom visits to identify teachers’ strengths and weaknesses in the teaching activities | 111 |
| Table 4.17 | The principal insists that educators should follow the school’s established set of pass requirements for various school subjects when assessing learners | 112 |
| Table 4.18 | The principal often ask educators to design strategies with which to achieve the school’s academic goals | 113 |
| Table 4.19 | The principal often discusses with the learners about their progress in the school’s academic work | 114 |
| Table 4.20: | The principal sometimes discusses the teaching practice with educators in groups | 115 |
| Table 4.21 | The principal insists that homework be given to learners regularly | 116 |
Table 4.22: The principal assists educators in designing strategies for preparation of learners for examinations ................... 117

Table 4.23: Does the principal look for help for educators who fail to achieve the targeted school academic performance objectives? ...................................................... 118

Table 4.24: Does the principal meet with educators to discuss the learners’ academic performance in various school subjects? . . 119

Table 4.25: How often does the principal discuss the learners’ academic performance with the educators? ....................... 120

Table 4.26: Do you believe that the academic achievement of learners, to a large extent, depends on the principal’s instructional leadership? ............................................ 121

Table 4.27: Does the principal regularly conduct staff development in your school? ........................................... 122

Table 4.28: How often does the principal conduct staff development? ... 123

Table 4.29: Does the principal show concern about the completion of the syllabus in different subjects as early as possible? ........ 124

Table 4.30: Does the principal encourage the formation of an academic networks with other schools? ............................ 125

Table 4.31: Formulation and communication of the school’s academic goals ...................................................... 127

Table 4.32: Discussion of learners’ academic progress in various school subjects ...................................................... 129
Table 4.33: The principal conducts staff development at school .......... 131

Table 4.34: The principal encourages the formation of academic networks with other schools ................................................. 133
APPENDICES

Appendix A: Letters to request permission to conduct educational research
Appendix B: Letters giving permission to conduct educational research
Appendix C: Request for permission to conduct pilot study at Hamu Secondary School
Appendix D: Questionnaire
Appendix E: Survey response sheet
