

ANNEXURE C

PERCEPTION OF NURSING CARE BY IN-PATIENTS AT THE AVENUES CLINIC (HARARE IN ZIMBABWE). A DESCRIPTIVE STUDY.

INSTRUCTIONS FOR COMPLETION OF QUESTIONNAIRES.

Kindly issue a questionnaire to every second discharged patient whose discharge has been confirmed by a doctor and who meets the following criteria: Patients must

- Be aged between sixteen and seventy years.
- Have been hospitalised for at least two days.
- Not be confused but should be able to express themselves and/or appreciate events around them.

Both male and female patients can participate.
Names **must not** be written on the questionnaires.

Kindly ask the participants to complete questionnaires and hand them in before leaving the ward.

Your cooperation is greatly appreciated.

RESEARCHER.
