

TABLE OF CONTENTS

DECLARATION	
ACKNOWLEDGEMENTS	
SUMMARY	
TIMELINE	
GLOSSARY	

CHAPTER ONE

INTRODUCTION

1.1	HYPOTHESIS	1
1.2	AIM	4
1.3	RESEARCH HISTORY	5
1.4	METHODOLOGICAL CONSIDERATIONS	7
1.5	SOURCES	7

CHAPTER TWO

10

PALEOPATHOLOGY IN SYRO-PALESTINE

2.1	DEFINITION, HISTORY AND DEVELOPMENT OF PALEOPATH- OLOGY AS AN ARCHAEOLOGICAL DISCIPLINE	10
2.1.1	Workable definitions of paleopathology	12
2.1.2	History of paleopathology	14
2.1.2.1	<i>History of paleopathology in the Middle East and Egypt.....</i>	14
2.1.3	The cultural aspects of paleopathology	16
2.2	THE OBJECTIVES AND METHODOLOGY OF PALEOPATH- OLOGY	17
2.3	THE STUDY OF COPROLITES (COPROLITOLOGY)	19
2.3.1	The science of coprolite studies	19
2.3.2	The methodology of coprolite studies.....	21

2.3.2.1	<i>Palynology</i>	23
2.3.2.2	<i>Archaeoparasitology</i>	25
2.3.3	Recent developments in coprolite studies	26
2.3.4	Discussion and future of coprolitology	26
2.4	TECHNOLOGICAL CHANGES AND THE NEW INTERDISCIPLINARY CHARACTER OF PALEOPATHOLOGY	27
2.5	CONCLUSION	30
CHAPTER THREE		32
ETYMOLOGY OF BIBLICAL TERMS TO BE USED: HEALTH AND DISEASE		
3.1	ETYMOLOGY OF ‘EPIDEMIOLOGY’ AND DISEASE	33
3.1.1	Etymology of ‘epidemiology’ in Greek	33
3.1.2	Etymology of ‘epidemiology’ in Hebrew	34
3.2	PLAGUE AS AN EPIDEMIC DISEASE	36
3.3	AN EPIDEMIC DIAGNOSED	36
3.4	A BRIEF HISTORY OF EPIDEMIC DISEASES	38
3.5	DISEASES OF ENDEMIC NATURE	39
3.6	OBSERVATIONS ON HEALTH AND DISEASE APPLICABLE TO THE BIBLICAL WORLD	40
3.6.1	History of disease in the Bible	40
3.6.2	Sickness and disease in the Old Testament and the New Testament times	41
3.6.2.1	<i>Terminology</i>	41
3.6.2.2	<i>Sickness in the Old Testament</i>	42
3.6.2.3	<i>Sickness and disease in the New Testament</i>	43
3.6.3	The biocultural nature of disease frequency	44
3.6.4	The impact of old Israelite culture on disease and mortality	46
3.6.5	Paleodemography of the inhabitants of Palestine	47
3.6.5.1	<i>Life expectancy in general</i>	48
3.6.5.2	<i>Life expectancy of infants</i>	50

3.6.5.3	<i>Adult life expectancy</i>	51
3.6.6	The socioeconomic profile of the latter Iron Age period in Palestine	53
3.6.7	The personal effects of a culture of illness and disease	53
3.6.8	Disease and illness	54
3.6.9	Disease and illness in biblical texts and culture	55
3.6.10	Reading of biblical texts on diseases	55
3.6.10.1	<i>Biblical references to disease</i>	55
3.7	CONCLUSION	58

CHAPTER FOUR

59

BIBLICAL DISEASES AND OSTEOLOGY IN PALEOPATHOLOGY

4.1	DISEASES THAT LEAVE SKELETAL SIGNS	59
4.1.1	Classification of bone diseases	61
4.2	OSTEOLOGY IN PALEOPATHOLOGY	64
4.2.1	Bone as an organ of the body	65
4.2.2	The physical and biophysical structure of bone	66
4.2.2.1	<i>The physical properties and histology of bone</i>	66
4.2.2.2	<i>Bone remodelling</i>	67
4.2.2.3	<i>Bone deposits</i>	67
4.2.2.4	<i>Bone resorption</i>	68
4.2.3	The biophysical properties of bone	68
4.2.4	The chemistry of bone	69
4.2.5	Taphonomic processes	71
4.2.5.1	<i>Biotic factors</i>	72
4.2.5.2	<i>A-biotic factors</i>	72
4.2.6	Bone in infant taphonomy	73
4.2.7	Bone in other taphonomic processes	76
4.2.8	Recent trends in archaeological bone chemistry	77
4.2.8.1	<i>Trace element studies</i>	77

4.2.9	Infections that affect osseous tissue	78
4.2.9.1	<i>Traces of diseases and pathological changes in bone</i>	78
4.2.9.2	<i>Bone infections</i>	78
4.2.9.3	<i>Osteomyelitis</i>	79
4.2.9.4	<i>Poliomyelitis</i>	82
4.3	CONCLUSION	82

CHAPTER FIVE

84

PALEOPATHOLOGY AND REBURIAL LAWS

5.1	RESTRICTIONS AND THE EFFECT THEREOF	85
5.2	LAWS IN OTHER COUNTRIES AS COMPARISON	86
5.3	LAW AND RELIGION	87
5.4	UNDERSTANDING THE JEWISH LAW (<i>HALAKAH</i>)	89
5.5	THE BURIAL PERSPECTIVE IN BIBLICAL TIMES	89
5.6	THE DEFINITION AND STATUS OF THE RULES IN HALAKAH (JEWISH LAW) TODAY	90
5.7	CONCLUSION	91

CHAPTER SIX

93

INFECTIOUS DISEASES: LEPROSY, TUBERCULOSIS AND SYPHILIS

6.1	LEPROSY	93
6.1.1	History of biblical leprosy or <i>✻āra'at</i>	94
6.1.1.1	<i>Hansen's disease as an infectious disease</i>	97
6.1.2	The social culture of <i>✻āra'at</i>	98
6.1.2.1	<i>Leprosy in garments</i>	98
6.1.2.2	<i>Leprosy in the house</i>	99
6.1.2.3	<i>The legal attitude</i>	101
6.1.2.4	<i>Miraculous cures</i>	102

6.1.3	Biblical leprosy as a disease	102
6.1.3.1	<i>Nature and locality of modern leprosy</i>	103
6.1.3.2	<i>Biblical leprosy versus modern leprosy (Hansen's disease)</i>	104
6.1.4	The puzzling biblical translations of מַאֲרָא'at addressed	107
6.1.5	Paleopathology	110
6.1.6	Conclusion to leprosy	113
6.2	TUBERCULOSIS	116
6.2.1	Tuberculosis in the Bible	117
6.2.2	Cross-immunity between leprosy and tuberculosis	119
6.2.3	The pathogenesis of tuberculosis in bone	120
6.2.4	Paleopathological signs	121
6.2.4.1	<i>Pott's disease</i>	121
6.3	TREPONEMAL DISEASES	122
6.3.1	<i>Treponemes</i> in humankind	122
6.3.2	<i>Treponema</i> as disease in the Bible	124
6.3.3	The geographical occurrence of <i>Treponematoses</i>	126
6.3.4	The origin and spread of the <i>Treponemes</i>	127
6.3.5	Paleopathology of <i>Treponemes</i> in general	128
6.3.6	Differential diagnosis of <i>Treponematoses</i>	129
6.3.7	Comparisons between the major <i>treponemal</i> diseases	130
6.3.8	Discussion of the different types of syphilis	131
6.3.8.1	<i>Venereal syphilis</i>	131
6.3.8.2	<i>Congenital syphilis.....</i>	132
6.3.8.3	<i>Yaws (framboesia, pian or bubas)</i>	133
6.3.8.4	<i>Pinta.....</i>	135
6.3.8.5	<i>Bejel</i>	135
6.3.9	CONCLUSION	136

CHAPTER SEVEN

138

METABOLIC DISEASES

7.1	EVIDENCE FOR DIET	140
7.2	PATHOGENESIS OF ANAEMIA.....	140
7.3	AETIOLOGY OF IRON DEFICIENCY	142
7.3.1	Haemopoietic tissue	143
7.3.2	The hereditary anaemias	144
7.3.2.1	<i>Thalassaemia</i>	144
7.3.2.2	<i>Sickle-cell anaemia</i>	144
7.3.3	Malaria and hereditary anaemia	145
7.4	PALEOPATHOLOGY OF THE DIFFERENT ANAEMIAS	146
7.5	IRON DEFICIENCY AS AN ANTIMICROBIAL MECHANISM	152
7.6	NONSPECIFIC STRESS INDICATORS	153
7.6.1	History	153
7.6.2	Harris lines	154
7.6.2.1	<i>General appearance</i>	155
7.6.2.2	<i>Mechanism of formation</i>	155
7.6.2.3	<i>Transverse lines in paleopathology</i>	156
7.7	DENTAL HYPOPLASIA	157
7.7.1	Causative factors.....	158
7.7.1.1	<i>Nutritional deficiencies</i>	158
7.7.1.2	<i>Illnesses in childhood</i>	158
7.7.2	Hypoplasia and the relation to other stress indicators	159
7.7.3	Methodology	159
7.8	CONCLUSION	161

CHAPTER 8

163

DNA, GENES AND ANCIENT BIOMOLECULES

8.1	ANTHROPOLOGICAL PERSPECTIVES IN THE STUDY OF	
-----	--	--

	ANCIENT DISEASES	164
8.1.1	Identifying disease elements through DNA analysis	165
8.1.2	History and the molecular genetic science of aDNA	166
8.2	aDNA AND INFECTIOUS DISEASES.....	166
8.2.1	Contamination and taphonomy.....	168
8.2.2	Taphonomy and DNA samples	169
8.3	DNA, GENES AND BIOLOGICAL INFORMATION	170
8.3.1	Deoxyribonucleic acid	171
8.4	CONCLUSION	172
	 CHAPTER 9	 175
	CONCLUSION	
9.1	ARCHAEOLOGICAL RECORDS	177
9.2	SUMMARY OF PALEOPATHOLOGICAL FINDINGS IN SYRO- PALESTINE	185
	LIST OF REFERENCES.....	187
