APPENDIX C: POST COURSE QUESTIONNAIRE

This Questionnaire was sent to students at TEEC at the end of the year, after they had completed the Women’s Studies course. There were no women students registered at COT for the Women’s Studies during the year of my research.

Instructions
Please fill in this questionnaire as soon as you receive this. Take time to fill it in as fully and carefully as possible. Feel free to write as much as you like for each question. Remember there is no correct or incorrect answer. If you feel uncomfortable with answering any of the questions, then feel free to leave it unanswered. Send it back to me in the enclosed stamped addressed envelope by 5 December 2003.

You have now completed the Joint Board Women’s Studies course. This second questionnaire asks you to reflect on the impact of this course on your own life, as well as on the lives of those with whom you work and minister. It will invite comment, critique and recommendations for the way the course and the entire learning programme could be changed, adjusted, and improved to support women’s growth and ministry more fully.
