LIST OF TABLES

CONTENTS

PAGE

Chapter 1

Table 1.1	Tentative numbers of respondents in selected hospitals	16
-----------	--	----

Chapter 3

Table 3.1	Number of nursing management and nursing staff respondents from each hospital	55
-----------	---	----

Chapter 4

Table 4.1	Descriptive information on tenure of nursing management and nursing staff respondents (n=129)	66
Table 4.2	Correlation between age and tenure of nursing management and nursing staff respondents (n=128)	67
Table 4.3	Single factor solutions for the organisational climate questionnaire (n = 140)	71
Table 4.4	Item analysis of the management factor (n = 140)	75
Table 4.5	Item analysis of the physical environment factor (n = 140)	75
Table 4.6	Item analysis for the career development factor (n = 140)	76
Table 4.7	Item analysis of the performance management factor (n = 140)	77
Table 4.8	Item analysis of the empowerment factor (n=140)	78
Table 4.9	Item analysis of the motivation factor (n = 140)	78
Table 4.10	Item analysis of the organisational alignment factor (n = 140)	79
Table 4.11	Descriptive information on the seven factors representing organisational climate based on the combined scores of nursing management and nursing staff (n = 140)	80
Table 4.12	Scale explaining the interpretation of means in relation to respondents satisfaction versus dissatisfaction	81
Table 4.13	Descriptive information on the factor scores for each hospital (n = 8 Specific to each hospital)	83
Table 4.14	Comparing the hospitals by means of analysis of variance (ANOVA) on the organisational climate (n=140)	84
Table 4.15	Descriptive information on the two groups of respondents (n = 140)	85

Table 4.16	Comparison between the mean scores of nursing management and nursing staff related to the seven organisational climate factors (n=140)	85
Table 4.17	Comparison between the mean scores related to organisational climate of nursing management and staff nursing by means of an independent t-test (n = 140)	86
Table 4.18	Correlation between age and the organisational climate factors (n = 134)	87
Table 4.19	Correlation between tenure and the seven organisational climate factors (n = 129)	88
Table 4.20	Responses to the open-ended question about the respondent's satisfaction with current career Development initiatives (n = 140)	89
Table 4.21	Responses to how respondents view their current work environment (n = 140)	90
Table 4.22	Responses to open-ended question on how satisfied respondents are with decision-making (n =140)	82
Table 4.23	Summary of hospital's satisfaction versus dissatisfaction with the seven factors of the organisational climate (n = 8)	104
