Subject: Request for permission to publish articles on Unisa Institutional Repository

Dear Mr Mahau

I am contacting you on behalf of Prof NL Mahao who is a contributing author to one of your journals.
Prof NL Mahao is the Executive Dean of the College of Law here at the University of South Africa and would like to deposit the full text of various articles from Lesotho Law Journal in Unisa's Institutional Repository (UnisaIR). Prof Mahao has us to do this on his behalf and to contact you to seek permission to do this.

The articles are as follows:

The institutional repository is a non-profit service for our academic authors, providing access to the full-text of their publications. Full bibliographic details are given for each article, including the journal of original publication, etc.

If possible, it is preferred to archive the finalised pdf version as it appears in print. The pdf version has an advantage over mounting the author's own version, in that it maintains consistency in appearance of the article wherever it is read. This also maintains a closer association of the article with the Journal, through the header-title and journal house-style.

I would be grateful if you could contact me to give your permission for including this article and to pass on any conditions that are associated. If it would be possible to use the published pdf version of the article for this purpose, then please confirm this.

Thank you for your attention with this and I look forward to hearing from you.

Best regards
