Prof. Z.K. Matthews,
P.O. Fort Hare.

Dear Prof.,

The enclosed letter speaks for itself, and we wish to request you to fill in at the top the name of some respected man in the Victoria East district who would be willing to be one of the Sponsors of the mass meeting referred to in the Circular letter.

For your information we intend lodging an Objection before Friday to the Proposals and we are going to engage Mr. Milton Seligson to appear for the ANC. If the Farm owners who are affected by the Proposals would be willing we could pool our resources and they help towards the expenses of meeting the Advocate’s Fees.

Further we would like you to furnish us shortly with information to the following effect:

(a) In proportion to the area which is to be taken away from the Africans according to the Proposals, how big are the farms which are to be taken away from the Whites.

(b) What generally is the feeling of the people in area about the Proposals?

(c) Whom could we write to apply for the use of the Ntselemanzi Hall if we should fail to get the Zwelitsha one, as we most likely will?

Yours in the Struggle,

T.T. Makwade.
