Dear Prof. Matthews:

I have had the privilege of hearing you speak twice on the non-violent civil disobedience campaign that is being fought now in your country by the African National Congress. Bayard Rustin stated that those wishing to make contributions to help sustain the families of volunteers and to help forward the movement could send the money to you.

I hope that this part of my tithe will help to further the Kingdom, and that the wisdom and courage of your people shall not be extinguished by white forces of darkness.

Yours truly,

Willard T. Weeks
