Dear LK

Your registered letter has only now reached me (12:5 pm) and reached Rondebosch PO on 25th Jan, according to date stamp, but was delivered at the University only this morning. The hold-up may be due to your addressing the envelope Box 594 Rondebosch — instead of the Box No. C.T. or University P.O. Rondebosch. Rondebosch P.O. probably sent the letter to C.T. P.O. there it might have
been detained for days.

Possibly, there has been interference of an improper kind. I send you the envelope for your scrutiny.

I'm forwarding the papers without amendment so as to facilitate matters your end.

In haste to catch the post.

Yours

[Simons]
