Dear Professor Matthews,

First of all, I must thank you for the letter to me. I am very much interested to hear about your home news. Even though my wife does tell me some, I presume the Morseons are very well and feeling very happy. However, I do not like their division influence, it is saddening to see how some people can create and destroy things and make it as if it is real. The idea that the people they dislike not invite to their tea party, and they enemies, is just nonsense. And I suppose they exercised their democratic right to call in whenever they wished. I was very pleased to hear about the L.S.E. in 1937. As I have been there, I have known how it is been going.

The L.S.E. has accepted me as a Ph.D. candidate and my thesis is "The History of the Taxation of Africans in the Union of South Africa and its Territories."

Yours sincerely,
