Dear Professor Matthews,

Mr. Nathaniel Masemola has applied to us for a scholarship to enable him to pursue his studies over here, which we are predisposed to grant.

One of the references which he has given me is your name, and I would be most grateful, therefore, if you would tell me whether you would recommend him for such a scholarship. It would be most helpful if you could very kindly let me have as early a reply as possible, as one of the conditions of the scholarship is that he should begin his studies without delay.

Yours sincerely,

L. John Collins
