I,

...shall protest, as shall we all, that we can, though it all seems so little, in the face of this unending and vast terror. May it help you to know that there are those who really care and have a real affection for you.

God has never promised freedom from injustices and suffering, his freedom in it. Our circumstances are. circumstanced, but in the long run, and whatever persecution we have to face, our spirits are remain free and they, correctness of love and faith, can still work in our lives. Be sure that this love is with you, that it suffers with you, and may it guide and help, you through it. The end of it all it is hard to see, we can only live in faith a day at a time. Even now in the last minute something may check the Government's plans. But there is the unknown future with some elements of life in it.

If there is anything that I can do to help you personally please let me know (though I am no useful advocate with the authorities these days). I am so glad to hear that Fort Shot has been progressing more lately under your Stewardship.

Yours sincerely,
