CAPE OF GOOD HOPE.

COLONIAL SECRETARY'S MINISTERIAL DIVISION.

Report of the Council of the University of the Cape of Good Hope for the year 1898.

Presented to both Houses of Parliament by command of His Excellency the Governor, 1899.

1. The Council of the University of the Cape of Good Hope has the honour to present to His Excellency the Governor the following Report of its proceedings during the year 1898.

2. No changes have taken place in the membership of the Council during the year.

3. It is with great regret that the Council has to report the death of the late Chancellor, Sir Langham Dale. In testimony of the high esteem in which he was held, the following resolution was passed by the Council:

"The Council of the University of the Cape of Good Hope has heard with sincere regret of the death of Sir Langham Dale, fourth Chancellor of the University, and formerly Superintendent-General of Education in this Colony, and desires to put on record its appreciation of the invaluable services rendered by him to the cause of education in South Africa for nearly half a century.

"The late Chancellor has been intimately associated with the University since its incorporation in 1873. It was under his direction, as Vice-Chancellor, that the first regulations of the University were framed, and its operations carried on for many years; and the Council gratefully acknowledges that the success which has marked the progress of the University, and the public confidence which it has secured, are due in great measure to his careful and judicious guidance during the twelve years of his Vice-Chancellorship.

[G. 3.—'99.]"
“The Council now resolves to convey to the family of Sir Langham Dale its sincere sympathy with them in the loss they have sustained by his death, and its deep sense of the obligation under which his worn efforts to promote the educational interests of the country have laid not the University alone but the whole of South Africa.”

4. At a meeting of the Convocation of the University, held on the 23rd of April, the Hon. Mr. Justice Smith, M.A., LL.D., was unanimously elected Chancellor of the University in place of the late Sir Langham Dale.

5. Leave of absence for various periods was granted during the year to the following members of Council:—The Pro Vice-Chancellor, Dr. Cameron, Professor Foot, Professor Morrison and the Rev. J. Thompson.

6. A vacancy in the office of Secretary of Convocation was filled by the re-election by Convocation of Mr. George Gilchrist, B.A., to the vacant office.

7. A vacancy in the Council of the South African College was filled by the re-election by the University Council of the Hon. Mr. Justice Smith to the vacant seat.

20. The Regulations for Honorary Degrees referred to in last report have been amended by the addition of a paragraph providing that recommendations for Honorary Degrees, submitted by members of Council, must be in the hands of the Registrar not later than the last Saturday in January.

21. The Regulations for the award and tenure of Bursaries have been revised. The amended Regulations have been approved by His Excellency the Governor and are now in force.

22. The amended Regulations referred to in last report for the admission ad eundem of Graduates of other Universities, have been further amended by the addition of a paragraph providing that applications for admission to the degree of Bachelor of Laws may be considered at any meeting of Council from Candidates who, being graduates in Arts of the Cape University, have graduated in Law in another University.

23. Several minor alterations have been made in the Regulations for the Mining Examinations.

Five Candidates passed the Final Mining Examination held for the first time in June. These gentlemen having now passed all the prescribed examinations have been awarded the University Diploma in Mining Engineering.

24. The Council has resolved to institute in connection with the first Mining Examination an Exhibition of £10 tenable for two years. The Regulations for the award and tenure of this Exhibition are being framed and will be published in due course.
25. The Council has made one important change in the regulations for the School Examinations. Candidates for the School Higher Examination are no longer required to have passed the School Elementary Examination. The Council has reason to believe that this change has given general satisfaction to those interested in these examinations.

26. Some changes have been made in the Regulations for the Intermediate Examination in Arts. These changes, which will come into force in 1900, are published in the Appendix to the University Calendar for 1898-99.

27. Considerable progress has been made with the work of revising the Regulations for the B.A. Examination to which reference was made in last report, and the Council hopes to have the new Syllabus published at an early date.

28. Representations having been made by the Attorney-General as to the inconvenience caused by Candidates for the Civil Service Law Examinations being required to take their examination in June, when there is great pressure of work in the Government Service, the Council has resolved to hold the Civil Service Lower Law and the Law Certificate Examinations in December as well as in June, the change to come into force this year.

29. The Council has extreme pleasure in reporting the receipt of a letter from the Hon., the Colonial Secretary, intimating that a sum of £3,500 had been voted by Parliament as an endowment to the University, for the purpose of establishing a scholarship to be styled the "George Grey Memorial Scholarship," with a view to commemorating in a fitting manner the many services rendered to this Colony by its former Governor, the late "Sir George Grey."

The establishment of such a scholarship seems to the Council a most fitting way to commemorate the services of a Governor who was not only a great administrator but also one who was deeply interested in all matters affecting the educational progress of the Colony, and the Council hails this action on the part of the Government as another proof of the great interest taken by it in the welfare of the University.

30. The Trustees of the Chalmers Memorial Fund have handed to the University the sum of £518 8s. 6d. for the purpose of founding a prize in memory of the late Rev. John Aiken Chalmers of Trinity Church, Graham's Town. In terms of the Trust Deed the terms and conditions of tenure of the prize have been left to be determined by the Council, and the Regulations for the award of the prize will be published at an early date.

31. The Council, while acknowledging the liberality of the Legislature in voting the supplies necessary for carrying on the various operations of the University, begs again to call the attention of the Government to the very serious inconveniences arising from the want of suitable premises.

32. Appended to this report are: (1) a tabular statement showing the results of all the examinations conducted by the University since its incorporation; (2) the usual financial statements, showing the receipts and expenditure of the year, and the position of each of the funds administered by the Council.
