My dear friend,

I have just been reading in the Star of Monday 26th. inst. a column in which it is stated that you to make certain decisions about your future. You are aware that former members of the Communist Party of S. A. were compelled by the Act of Parliament to dissolve the Party and did so. That did not mean that they gave up their convictions. Some leaders of the A.N.C. were ordered to resign from Congress and they did so. But this did mean that they loved doing so. If I were you, I would not hesitate to resign from Congress so long as my convictions remain.

I have been appointed Prov. Chaplain by the present Executive.

With kind regards,

Yours sincerely,  
 Walter Gawe
