My Dear Prof. Rutherford I enclose
 for your personal use and return, a
 letter I have just received from
 Mr. Tumbidge. What a humiliating
 parcel - for him; and a disappointment
 - meant for you. I was in Joburg
 2 months ago, and went to see
 him and asked what progress
 he had made. Answer: none.
 He was still waiting to contact
 Mrs. Pini. I am thankful that this
 still - born project never went beyond
 you, and I apologise for my
 (innocent) share in it. I hope that
 you are keeping well, and doing
 very profitably.

Yours sincerely

Leslie Blackwell
