Miss Joane Pim,
5, Gordon Hill,
Parktown,
JOHANNESBURG.

Dear Miss Pim,

Having been unable to communicate with you by telephone, even though I have made at least four attempts and left messages with your Secretary, I wrote you on the 25th January requesting an urgent reply, as I was embarrassed in being unable to report progress on Professors Matthews and Nyembezi's fund raising, which we had voluntarily suggested.

If it is not possible for you to proceed with this matter, please let me know immediately, as I would far prefer to tell Mr. Blackwell of the position than to keep him in suspense any longer. On the other hand, if you are able to proceed with the project, would you please let me know when we can get together to discuss details.

Yours sincerely,

L.S.T.
