Dear Professor Matthews,

Prof. Monica Wilson at first thought
the file you had left behind in
the School of Social Studies brochure
& other papers in it was her
son Francis's, so told me you
must have fore it with these
papers, when I telephoned to

ask about them. Hence my
note to you, as Denis needed
them to append (in photostat) to
the memorandum he has written.
I am sorry you were put to the
trouble of writing to Prof.
Wilson about them.

I enclose a circular from Hogman
about a book that may interest
you. Best wishes.
Yours sincerely
Ravindra V. J.
