

20 Court Chambers,
129 Adderley St,
Port Elizabeth.
26.10.60.

Dear Prof.,

It's a long time I last saw you - remember the last Sunday we met? And it was to be the last time for a long long time. However I was glad to hear that you came out of Nongqongqo none the worse in your health.

We were delighted to read your evidence at the Treason Trial in New Age. Whatever the outcome of the Trial an important Chapter in the History of this country has been written there.

Incidentally is there anybody selling New Age at Alice? If there is none please send the name and address of the News Paper Agency you have there in town. You referred to him some time I was there. If I remember well it is a du Preez or du Plessis. Please send us the name and address and we shall ask him to sell New Age as well.

But the main reason for my writing you is in connection with the Fort Hare Union. The Fort Hare Past Students here have set up a branch, and after discussing the position that arose as a result of the resignation of Mr Tsotsi as President and the defection of the Secretary and Treasurer, it was decided you and I should in terms of the constitution fill the vacancies that have occurred to enable the Union to get on its feet. After consultation with some of them here I wish to suggest that the following should fill in the vacancies that have occurred:

Vice-President:	Mr Randel Peteni
Secretary :	Mr Dennis Mjamba Brutus,
Treasurer :	Mr Harry Mjamba

As soon as I get your approval of the names suggested the Secretary will immediately set up the machinery to establish Branches of the Fort Hare Union throughout the country.

At last Mr Mbabama has returned all the material relating to the Union. They had opened a banking account at Queenstown, and there is now according to the Bank Vouchers for June last a balance of about £17 - am quoting from memory.

Please inform Sisi that I shall hand over the Camera to any reliable person coming that way.

Best wishes, Govan (IBEKI)
