Dear Professor Matthews,

I hope you will not mind that I have forwarded your draft questions to Dr. Kuper only yesterday. Dr. Kuper always prefers to see the Fort Hare and Rhodes questions together, and as Professor Guy Johnson (my locum) has only now taken over, we had to wait for him to contribute his quota to the questions, before we could send our set off to the external examiners.

There is enough time for Dr. Kuper to return all questions in time, but I thought you might have wondered why you have not heard earlier.

I very much appreciate what you say about the harmonious co-operation we have enjoyed for a number of years. It has been a privilege to work with you. Even if this is not quite the end (as you know, we may go on examining Fort Hare papers for a while), it is a sad occasion. In me it also arouses some regrets about opportunities missed.

I am planning to visit Fort Hare before the end of the present term, and shall ring you when I can suggest a day.

With kind regards,

Yours sincerely,

P. Kuper
