HOOFDREDACTIE

Mr. Z.K. Matthews,
World Council of Churches
Genève
Zwitserland.

Dear Sir,

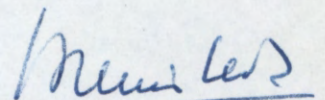

In the Christmas-issue of our newspaper we should like to publish some articles written by christians in different parts of the world: Eastern Europe, South America, Africa and Asia. We invited: mr M.M. Thomas, Bangalore, rev. Emilio Castro, Montevideo, prof. Yoshiaka Isaka, Tokeyo, rev. Beyers Naudé, Johannesburg and prof. J.L.Hromadka, Praag.

The purpose of these articles is: to inform our readers in a vivid way about the life of christians in a changing world, the problems they are facing and about their social ideals.

TROUW is a protestant-christian daily, which belongs to the quality-newspapers. We publish rather much foreign news and background-articles about developments in other countries.

We discussed the plan for our Christmas-issue with professor dr J. Verkuyl, a good friend of our paper. He gave us your name and address. We will appreciate it very much if you could write for us an article (about 1500 words) about the various aspects of christian life in Africa. If possible, please send us with the article a simple picture of yourself. We should like to receive your article before the 15th of november and please, let us know how we can send you your honorarium. Hoping for a favourable reaction,

sincerely yours,

(dr J.A.H.J.S. Bruins Slot)
