

Mr. R. Menzies

Z. K. Matthews
2 August, 1966

With reference to your letter of 19 July 1966 asking whether I would be willing during my stay in the United States, to keep in touch with the headquarters for the Society for International Development in Washington on behalf of SASP, I write to let you know that I would be willing to do this. I do not know anything about this organisation, but would be glad to learn in what way it can be of service to the World Council.

ZKM.
