Dear Prof. Matthews,

A cutting of a report which appeared in "The Daily Despatch", East London, of July 22, 1966 with the news of your appointment as representative for Botswana at the United Nations in New York has been brought to my notice.

Allow me, on behalf of the Principal and Council of the University, to extend to you our heartiest congratulations on this achievement.

The University is very proud that one of its past students has been singled out to be appointed to such an important diplomatic post. The University feels honoured indeed and wishes you every success in your new position.

Yours sincerely,
