JOHANNESBURG JOINT COUNCIL  
*of*  
EUROPEANS AND NATIVES

*THE NATIVE*  
*IN INDUSTRY*

MEMORANDUM No. 3.

"The contact of Native and European has lasted too long, and their economic co-operation is too intimate and well established for the Native to be excluded from European areas and European industries. . . ."

"The Native can, and should, increase his economic usefulness by widening the range of his occupations and raising the level of his skill."

"The detribalised Natives, whose members are already considerable, have no reserves to fall back on, and require the same legislative protection as is needed by the weaker members of the European wage-earning class."
