LIST OF GRAPHS		v
ABSTRACT		vi
KEY TERMS		vii
CHAPTER 1:	**Introduction, Orientation and Study Outline**	
1.1.	Problem formulation	1
1.2.	Contextualising the research	2
1.3.	Objectives of the research	6
1.4.	Research design and methodology	7
1.5.	Definition of terms	8
1.6.	Limitations of the research	10
1.7.	Outline of the study	11
CHAPTER 2:	**Literature Review**	
	Introduction	12
2.1.	The broader context– AIDS in South Africa	12
2.2.	The impact of AIDS with particular reference to orphans	15
2.2.1.	Traditional responses to the orphan crisis	15
2.2.2.	Stressors facing AIDS orphans	16
2.2.2.1.	Psychosocial stressors	16
2.2.2.2.	The multiple losses of orphanhood	17
2.2.2.3.	Inadequate care and control	18
2.2.2.4.	Increased risk of abandonment	18
2.2.2.5.	Stigma, sadness and succession	18
2.2.2.6.	Changes in household structure, roles and composition	19
2.2.2.7.	Economic deprivation and disrupted schooling	21
2.2.2.8.	Lack of social security	23
	Summary	23
CHAPTER 3:	**Alternative Placement Options for Orphans in South Africa**	
	Introduction	25
3.1.	Social Services in South Africa	26
3.2.	The Child Care Act 74 of 1983	28
3.2.1.	The holding of an enquiry	28
3.2.2.	After an enquiry	30
3.3.	Permanency planning	31
3.4.	Child care alternatives as determined by Act 74 of 1983	34

3.4.1.	Adoption	34
3.4.2.	Residential care	35
3.4.3.	Foster care	37
3.4.3.1.	The changing face of foster care	37
3.4.3.2.	Understanding kinship support	38
3.4.3.3.	Differences in permanency planning	41
3.4.3.4.	The foster care grant	43
3.5.	Community initiatives for orphan care	44
3.5.1.	Child Care Forums	45
3.5.2.	Child headed households	46
3.5.3.	Other informal alternatives	47
3.6.	The Draft Children's Bill	48
	Summary	50

CHAPTER 4: Research Procedure

	Introduction	51
4.1.	Research methodology	51
4.1.1.	Research design	53
4.1.2.	Objectives	54
4.1.3.	Research instrument	54
4.1.4.	Study population and sampling frame	56
4.1.5.	Stratified sampling	56
4.2.	The follow-up interview	59
	Summary	59

CHAPTER 5: Research findings

	Introduction	60
5.1.	Response rate	60
5.2.	Sample characteristics	61
5.2.1.	Gender and single/couple distribution	61
5.2.2.	Age distribution	61
5.2.3.	Relationship status	62
5.2.4.	Ages of dependent children	62
5.2.5.	Grants	63
5.2.6.	Additional dependants	64
5.2.7.	Educational qualifications	64
5.2.8.	Employment	65
5.2.9.	Language distribution	66
5.2.10.	Residential area	66
5.2.11.	Fostering experience	67
5.3.	Living with HIV/AIDS	67
5.3.1.	Day-to-day awareness of HIV/AIDS	67
5.3.2.	HIV/AIDS as a crisis	69
5.3.3.	Primary concerns about HIV/AIDS	70
5.4.	Foster care preferences	71
5.4.1.	Orphan versus non-orphan care	71
5.4.2.	Gender preference in fostering	73

5.4.3.	Inter-racial fostering	75
5.4.4.	Time frame preferences	76
5.4.5.	Financial considerations	78
5.4.6.	Foster parent involvement	80
5.5.	Orphan care	82
5.6.1.	The needs of orphaned children	82
5.6.2.	Support services	83
5.6.3.	Interpersonal qualities of foster parents and families	85
5.6.4.	Anticipated effects of fostering an orphan	87
5.6.5.	Anticipated benefits of fostering an orphan	88
5.6.	The responsibility for orphan care	90
5.7.1.	Support by older siblings	90
5.7.2.	The care of local orphans	91
5.7.3.	The community's responsibility to foster	93
5.7.4.	Circumstances in which respondents anticipate fostering	95
5.8.	Present and future involvement in orphan care	97
5.8.1.	Extent of current community involvement	97
5.8.2.	Willingness to contribute to local orphan care	98
5.8.3.	Information required about fostering	99
5.8.4.	Training needs	100
5.9.	Follow-up	101
	Summary	102

CHAPTER 6: Conclusion and recommendations

	Introduction	104
6.1.	Objectives	104
6.2.	Recommendations	106
6.3.1.	The creation of a child-centred culture	106
6.3.2.	Strengthening of families and communities	107
6.3.3.	The future of foster care	119
6.3.4.	Community-based solutions	111
6.3.5.	Further research	113
	Concluding remarks	113

BIBLIOGRAPHY 114

APPENDIX A: QUESTIONNAIRE (ENGLISH) 1

APPENDIX B: QUESTIONNAIRE (ZULU) 6

LIST OF TABLES

		Page
Table 1:	Maternal orphans under age 15 years, KwaZulu-Natal	14
Table 2:	Gender and single/couple distribution of the sample	61
Table 3:	Respondent's age distribution	61
Table 4:	Highest educational qualification	64
Table 5:	Respondents fields of employment	65
Table 6:	Day-to-day awareness of HIV/AIDS	68
Table 7:	Motivations for HIV/AIDS as a crisis	70
Table 8:	Primary concerns about HIV/AIDS	70
Table 9:	Motivation for orphaned care as a preference	73
Table 10:	Differences in attitudes to fostering orphans of other race groups	75
Table 11:	Preferred length of foster placement	76
Table 12:	Capacity for support on foster care grant	78
Table 13:	Anticipated cost of foster care	79
Table 14:	Perceived needs of orphaned children	82
Table 15:	Support services- preferences between language groups	83
Table 16:	Interpersonal qualities of foster parents	85
Table 17:	Interpersonal qualities of foster families	86
Table 18:	The anticipated effects of fostering	87
Table 19:	Comparison of perceived benefits of orphan care	88
Table 20:	Support by older siblings	91
Table 21:	The care of local orphans	91
Table 22:	Orphan care alternatives	92
Table 23:	Combinations of orphan care alternatives	93
Table 24:	Differences in perceptions of community responsibility	94
Table 25:	Anticipated conditions for fostering with comparisons between language groups	96
