LIST OF FIGURES

CHAPTER 01

Figure 1.1 The chilling effect of anti-dumping measures on international trade 5

CHAPTER 03

Figure 3.1 The firm’s profit maximizing position under perfect competition 61
Figure 3.2 A monopolist’s profit maximizing position 62
Figure 3.3 Maximizing profits using price discrimination 63

CHAPTER 05

Figure 5.1 Flowchart showing the circumstances under which proxy normal values would be calculated 150

CHAPTER 06

Figure 6.1 Different ways to calculate normal values for NMEs 186

CHAPTER 07

Figure 7.1 Annual average hot-rolled steel bar price, 1959-January 2004 206

LIST OF TABLES

CHAPTER 01

Table 1.1 The payoff matrix for a static game: Illustrating the prisoner’s dilemma of anti-dumping protectionism 8

CHAPTER 02
Table 2.1 Anti-dumping actions initiated by the US, EC, Australia & Canada during the period 1980 - 1989 ........................................ 22

Table 2.2 Number of non-tariff trade remedy cases initiated by the US, EC, Australia and Canada during the period 1980 - 1986 ................. 30

Table 2.3 Trade remedy cases initiated 1980 - 2003 .......................... 31

CHAPTER 03
Table 3.1 Classification of dumping according to motive and to continuity .... 51
Table 3.2 Economies of scale and exporting at below the full cost of production: The importance of price discrimination ...................... 73
Table 3.3 Economics of scale and exporting at below the full cost of production: Turning a loss situation into a profit situation ............ 74

CHAPTER 06
Table 6.1 Proportion of affirmative outcomes by affected county, 1987 - 1997 ... 173

CHAPTER 07
Table 7.1 The ten countries initiating the most anti-dumping investigations, 1987-2003 ................................................................. 189
Table 7.2 The ten countries initiating, in total, the most anti-dumping investigations, 1995-2003 ......................................................... 189
Table 7.3 The ten countries most targeted with anti-dumping investigations initiated, 1987-2003 ....................................................... 191
Table 7.4 The ten countries most targeted with anti-dumping measures introduced, 1987-2003 ......................................................... 192
Table 7.5 The ten countries most targeted, in total, with anti-dumping investigations initiated, 1995-2003 .............................. 193
Table 7.6 The ten countries most targeted, in total, with anti-dumping
measures introduced, 1995-2003 ........................................... 193

Table 7.7 Anti-dumping investigations initiated - by sector (groups of industries) ............................................. 195

Table 7.8 Anti-dumping measures (definitive) - by sector (groups of industries) ............................................. 196

Table 7.9 Definitive anti-dumping duties in force on 31 December 2003 .......... 198

Table 7.10 Price undertakings in force on 31 December 2003 ................. 200

Table 7.11 Annual average hot-rolled steel bar price, 1897 - January 2004 .... 205

Table 7.12 Anti-dumping investigations (initiations) against exporters of base metals ............................................. 206

Table 7.13 Anti-dumping measures against exporters of base metals ............ 207

Table 7.14 World merchandise exports by product, 2002 .................... 208

CHAPTER 08

Table 8.1 The payoff matrix for a static game: Illustrating the short-term benefits of cheating in anti-dumping investigations .................. 233

Table 8.2 The payoff matrix for a static game: Illustrating the possible benefits of cheating in anti-dumping investigations .................. 234
