

Chapter 1

Introduction and background information

1.1	INTRODUCTION	1
1.2	BACKGROUND OF THE STUDY	1
1.3	PROBLEM STATEMENT	3
1.4	RESEARCH QUESTIONS	3
1.5	PURPOSE OF THE STUDY AND OBJECTIVES	4
1.5.1	Purpose	4
1.5.2	Objectives	4
1.6	METHODOLOGY	5
1.6.1	Sample	5
1.6.2	Research instrument	5
1.6.3	Format of instrument	6
1.6.4	Administration of the research instrument	6
1.6.5	Pre-testing of the instrument	6
1.6.6	Reliability and validity	6
1.7	SIGNIFICANCE OF THE STUDY	7
1.8	LIMITATIONS OF THE STUDY	7
1.9	ETHICAL CONSIDERTIONS	7
1.10	FRAMEWORK FOR CONTEXTUALISING THE RESEARCH	8
1.11	DEFINITIONS	9
1.12	LIST OF ABBREVIATIONS USED THROUGHOUT THE REPORT	10
1.13	ORGANISATION OF THE REPORT	11
1.14	SUMMARY	12

Chapter 2

Literature review

2.1	INTRODUCTION	13
-----	--------------------	----

Table of contents		Page
2.2	HISTORICAL BACKGROUND	13
2.2.1	“Backstreet” abortions	14
2.2.2	Access to reproductive health services	15
2.3	THE LEGALISATION OF TERMINATION OF PREGNANCIES INTERNATIONALLY AND NATIONALLY	17
2.3.1	International perspectives	17
2.3.2	Romania	17
2.3.3	Netherlands	17
2.3.3	Israel	17
2.3.4	The Republic of South Africa	18
2.4	ATTITUDES OF PROFESSIONAL NURSES TO THE IMPLEMENTATION OF THE CHOICE ON TERMINATION OF PREGNANCY ACT	20
2.4.1	Professional nurses’ lives are influenced by the fact that they render TOP services	20
2.4.2	The PN’s’ perception of the stigmatisation of TOPs	21
2.4.3	Possible causes of PN’s’ attitudes to CTOPs	22
2.5	SUMMARY	25

Chapter 3

Methodology and research design

3.1	INTRODUCTION	26
3.2	RESEARCH DESIGN	26
3.2.1	Quantitative	27
3.2.2	Descriptive	27
3.2.3	Exploratory	27
3.3	POPULATION AND SAMPLE	28
3.3.1	The study population	28
3.3.2	Criteria for the inclusion of respondents	28
3.4	DATA COLLECTION	29
3.4.1	Research instrument	29
3.4.2	Administration of the questionnaire	30
3.4.3	Format of the questionnaire	30

Table of contents		Page
3.5	RELIABILITY AND VALIDITY OF THE RESEARCH INSTRUMENT	31
3.5.1	Reliability of the instrument	31
3.5.2	Validity of the instrument	32
3.6	ETHICAL CONSIDERATIONS	32
3.6.1	Informed consent	32
3.6.2	Confidentiality	32
3.6.3	Anonymity	32
3.6.4	Permission to conduct the study	33
3.6.5	Benefits	33
3.7	PRETESTING THE RESEARCH INSTRUMENT	33
3.8	ANALYSIS OF DATA	34
3.9	SUMMARY	34

Chapter 4

Analysis and discussion of research results

4.1	INTRODUCTION	35
4.2	SECTION A: BIOGRAPHIC DATA	36
4.2.1	Gender	36
4.2.2	Age	36
4.2.3	Race	37
4.2.4	Marital status	37
4.2.5	Religious affiliation	37
4.2.6	Respondents' number of children	38
4.2.7	Specific training received to perform TOPs	38
4.2.8	Perceived adequacy of training to perform TOPs	38
4.2.9	Period of time working in TOP services	39
4.3	SECTION B: RESPONDENTS' OPINIONS ABOUT TOPs	39
4.3.1	Number of TOPs handled by respondents' departments on a monthly basis	39
4.3.2	Respondents' opinions on the realistic number of CTOP cases to be handled within one month	40
4.3.3	Opinions of the respondents about which patients should receive TOP services	40
4.3.4	Respondents' opinions about the age at which women should be allowed to receive TOPs	42
4.3.5	Respondents' opinions as to women's sole decisions to have TOPs	43

Table of contents	Page
4.3.6	Respondents' opinions as to whether a woman should consult someone when deciding about using TOP services 43
4.3.7	The opinions of the respondents on who should be consulted before deciding to have a TOP 43
4.4	SECTION C: RESPONDENTS' OPINIONS ON SUPPORT RECEIVED FOR RENDERING TOP SERVICES 45
4.4.1	Support respondents received from various people 45
4.4.2	Respondents' ratings of the understanding of their nuclear families concerning the nature of their work 48
4.4.3	Respondents' opportunities for venting their feelings with their nuclear families 48
4.4.4	Respondents' ratings of their extended families' comprehension of their work 50
4.4.5	Respondents' opportunities for venting their feelings with their extended families 50
4.4.6	Respondents' rating of their friends' understanding of the nature of their work 52
4.4.7	How often the respondents received support from their friends 52
4.4.8	The respondents' rating of the community's understanding 54
4.4.9	Support received from the community 54
4.4.10	Respondents' rating of the counselling services 56
4.4.11	Type of support the respondents received from management 57
4.4.12	Employers' comprehension of the stress involved with providing TOP services 57
4.4.13	Steps taken by the respondents to relieve stress level 58
4.4.14	Counselling services offered to the respondents 59
4.4.15	Respondents' perceptions of persons offering counselling services 59
4.4.16	Respondents' rating of the support given to patients who request TOP services 59
4.5	SECTION D: FEELINGS EXPERIENCED BY RESPONDENTS WORKING IN TOP SERVICES 61
4.5.1	Respondents feelings experienced while working in TOP services 61
4.5.2	Respondents' sleeping patterns 65
4.5.3	The impact of working in TOP services on respondents' lives 65
4.6	SECTION E: RESPONDENTS' ATTITUDES TOWARDS THE CTOP ACT 69
4.6.1	The presence of a copy of the CTOP Act in the institution..... 69
4.6.2	The applicability of listed statements from the CTOP Act to the respondents 69
4.7	SECTION F: RESPONDENTS' ATTITUDES TOWARDS TOP SERVICES..... 70
4.7.1	Gestation stage at which TOPs are done 70
4.7.2	The respondents' opinions of the attitudes of nurses who usually render TOP services 70
4.7.3	Respondents' opinions about ethical issues related to TOP services..... 72
4.7.4	The respondents' opinions with regard to delivering TOP services..... 73
4.7.5	The respondents' rating of the counseling services for patients 75
4.7.6	The professionals providing counseling services for the TOP patients 75
4.7.7	The respondents' attitudes towards the TOP patients 75
4.7.8	The respondents' opinions as to the influence of others on their attitudes towards TOP services 77
4.7.9	The respondents' answers to open-ended questions 78

Table of contents Page

4.8	SUMMARY	81
-----	---------------	----

Chapter 5

Conclusions and recommendations

5.1	INTRODUCTION	82
5.1.1	Objectives	82
5.2	LIMITATIONS OF THE STUDY	83
5.3	RECOMMENDATIONS FOR IMPROVING PNs' ATTITUDES TOWARDS TERMINATION OF PREGNANCY	84
5.4	RECOMMENDATIONS FOR FURTHER STUDIES	85
5.5	CONCLUSIONS	85
5.6	SUMMARY	85
	BIBLIOGRAPHY	87

List of tables	Page
Table 4.1 Attitudes towards TOP services (part 1)	71
Table 4.2 Attitudes towards TOP services (part 2)	73
Table 4.3 Respondents' attitudes about TOP services (part 3)	74

List of figures	Page
Figure 4.1 Age distribution of respondents	36
Figure 4.2 Religious affiliation of respondents	38
Figure 4.3 PNs' opinions about patients who should receive TOP services	40
Figure 4.4 PNs' opinions about who should not receive TOP services	42
Figure 4.5 Person who the patient should consult before deciding to have a TOP	44
Figure 4.6 The respondents' satisfaction with the support they received (excellent, good, acceptable)	47
Figure 4.7 Respondents' rating of the comprehension of their work from significant others	56
Figure 4.8 Feelings experienced by respondents while working in TOP services.....	63

List of annexures

Annexure A: Letters requesting consent to conduct a study from health care authorities

Annexure B: Letter granting consent to conduct the study (Department of Health Studies, Unisa)

Annexure C: Consent form to be signed by each participant.

Annexure D: Questionnaire

Annexure E: Photocopies of newspaper reports relevant to the study
