Dear Sir/Madam

RE: REQUEST TO CONDUCT RESEARCH AT SOSHANGUVE CLINIC 3

This letter serves to request for your permission to conduct research on registered nurses' experiences of being involved in Termination of Pregnancy. I am presently registered with the University of South Africa pursuing a Masters degree in Nursing Science by distant learning. The title of my study is: The Experiences of Registered Nurses at Soshanguve Community Health Services involved in Termination of Pregnancy. The research is done to fulfil the requirement of the degree.

The research will be done in the realm of reproductive health. Since Clinic 3 is the only Termination of Pregnancy provider in the Northern District, the findings of the study will contribute to the body of knowledge, especially in the training of registered nurses for Termination of Pregnancy.

The researcher assures management that ethical principles shall be taken into account throughout the research.

I hope that my request shall meet your favourable consideration

Yours Faithfully

LRC MAMABOLO
