Mr. Z.R. Matthews,
Amanzimtoti Institute,
Adams Mission Station,
Natal, South Africa.

Dear Mr. Matthews:-

I hope you will have received by now the official intimation from Yale University that you have been accepted as a graduate student.

I have ventured to engage a room for you in the Graduate School building. This is the cheapest room available, but I am sure that you will like it. You will notice that the charge is \$90 per term. A term at Yale is eighteen weeks, so \$180 would be the room rent for the academic year.

If you have, however, decided that you would rather live somewhere else, please notify the Dean of the Graduate School, Yale University, New Haven, Connecticut, as soon as possible. If you propose to accept the room, please copy and return to the Dean the enclosed card.

Sincerely yours,

Charles T. Loran
