Dear Professor Matthews,

I am delighted to have the good news that your son has been granted a passport. I am sure this is in no small measure due to your energy and persistence in the matter, and I would like to congratulate you on this achievement. I shall look forward to hearing in due course that your son is actually on his way to England.

I would like to take this opportunity of telling you with what admiration we at this end regard you all out there that, despite the appalling situation, you keep your morale high. We shall go on doing all we can here to give you our active support.

May I ask for your help in another matter? Mr. Tennyson Makiwane who was one of the accused in the Treason Trial is now in this country, and I would very much like my Council to consider awarding a scholarship to him for a three year course in Law. I have asked him for references and he has suggested that I should write to you. I would be very grateful if you would let me know (a) whether you think he is a suitable candidate for a Christian Action scholarship, (b) any information you may be able to give me on his academic prowess, and (c) any comments you may wish to make with regard to his character. I am particularly keen that we should appoint him only if he is likely to be able to get through his course to graduate level without undue difficulty.

With every good wish,

Yours sincerely,

*L. A. Craig*

Professor E.K. Matthews,
