Dear Prof. Matthews,

Sometime ago we wrote to you about the articles you are writing for Imvo. Specifically, that all rights to the articles would belong to Imvo.

Our Johannesburg principals on scrutinising our correspondence pointed out to us that this letter had not been acknowledged and we would appreciate it if you would put this matter in order by acknowledging this letter.

You will understand that we must safeguard ourselves against possible piracy of these articles and unless they are legally ours to do with what we like, avenues might be opened to unscrupulous publishers to make use of them.

Thanking you,

Kind regards,

R.P. GINSBERG.
Managing Director.
