Alice, CAPE.

Dear Sir,

The above Federation directs me to request that you become one of their patrons. The Federation was formed in 1953. for the purpose of uniting Non-European Cricket and strive for closer co-operation among the different Unions.

After three very successful seasons we have achieved our object and the G.W.C. Federation is now fully established. This season we have been asked by the S.A. Cricket Board of Control to stage a Match against the Kenya Cricket team, the first time in the History of non-European Cricket that a team from outside the Union will play against them. This match will take place at the Stadium on the 12th, December 1956.

We trust, Sir that you will ^{know} us by accepting the position, and at the same time may we appeal to you for a donation towards the expenses of arranging for this match and entertaining the visiting players.

Being aware of your interest in our affairs and your generosity in the past we feel sure that this appeal will not go unneeded.

With our sincere thanks and wishes,

I, remain, Sir,

Yours faithfully,

I. E. Jardine
Hon. Secretary.
