

Professor J. K. Matthews,
Alice.

My very dear Mr. Matthews,

It will be quite a surprise to get this letter from me. Anyway this goes to show that you have many more friends than you anticipate and that we are deeply interested in your attitude towards life.

I am sending you in a separate cover an article I have written about you and I am sending other copies to the Imvo Zabantu, The Herald, Evening post, The World, New Age, The Golden City Post, Cape Argus, Sunday Times, Rand Daily Mail, The Star and The Daily Despatch.

The paramount objective is to put you in the highest notch because you deserve this elevation.

While eagerly awaiting your earliest reaction kindly suffer me to terminate this communication

Yours faithfully,
Hamilton Menta.
