Dear Professor Matthews,

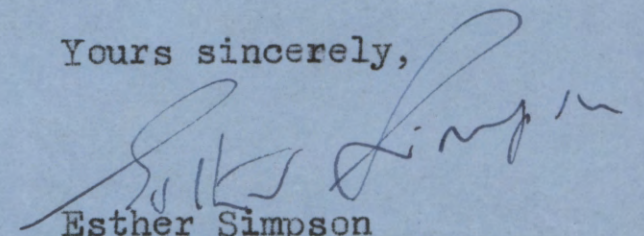

Thank you for your letter of February 23rd. I did not realize that by applying for an exit permit Mr. Phahle undertook not to return to South Africa. This is a drastic step to take and I have every sympathy with you in wishing to return to your own country after completing a temporary appointment elsewhere.

I have been in touch with the University of Birmingham in connection with your son's position and, although I cannot be definite at this point, it would seem that the University is ready to go a long way to help. Already, I believe, your son's fees for the present session have been remitted, and there is a fund which may be available for help financially. This is extremely confidential; I am telling it you to put your mind at rest.

Please keep me informed of any developments there may be in your position.

With best wishes,

Yours sincerely,

Esther Simpson
Secretary
