Dear Z.K.:

I am pursuing the matters discussed in our last exchange of letters as actively as I can. The meeting of the African Studies Association is taking place here this year in two weeks or so and I hope to have a number of further opportunities there.

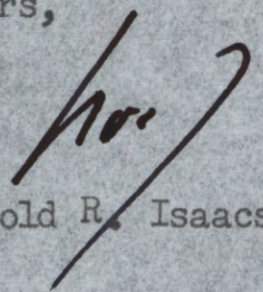

For these purposes I have made up a kind of summary curriculum vitae of which I enclose a copy. I would be very glad if you could replace this with one of your own including a list of publications.

Please let me know your further thoughts and decisions. My object remains, meanwhile, to explore the best possible auspices under which you might come to the United States to a lectureship or for a tour, providing you with the opportunity to regroup your inner forces so to speak and to consider thereafter what might follow.

Please give me the most specific guidance you can about your plans and intentions and wishes. I will do everything I possibly can to help further them.

With my respects to Frieda.

Yours,

  
Harold R. Isaacs
