Dear Mr. Chapman,

Activities of Professor Mathews.

With reference to your letter of the 3rd instant on the above subject, I enclose copies of two further press articles which appeared in the "Amsterdam News", New York on the 23rd and 30th May last respectively.

I take it that your Council will ask Professor Mathews for his written comments on these two articles and the previous documents forwarded to you and that you will furnish me at an early date with a copy of his comments for the information of the Honourable the Minister of Education, Arts and Science.

Yours sincerely,

*H. S. v. d. Hall*
