UNION THEOLOGICAL SEMINARY

BROADWAY AT 120TH STREET

NEW YORK 27, N.Y.

PRESIDENT'S ROOM

March 23, 1967

The Honorable Z. K. Matthews  
Embassy of the Republic of Botswana  
1701 New Hampshire Avenue, N.W.  
Washington, D. C. 20009

Dear Z. K.:

We want very much to have you come to Union some time before the end of the school year. Is there any chance of your being in New York on Friday, April 21st or Friday, April 28th? We have a faculty lunch at 12:30 on both of those days and so this is a very convenient time for you to speak to the faculty. We could also arrange to have groups of students meet you as well, if you could come. There is tremendous interest in Africa here at Union. You may have heard something about the agitation of Union students in regard to the American banks that do business with the South African government.

Our faculty would like very much, however, to hear from you anything that is on your own mind now about African problems. If you cannot come on those days perhaps we can find another time.

With warm greetings,

Sincerely yours,

*John C. Bennett*
